MICRO ENTERPRISES

Krishna Thulasi Grow bag Unit

Marutharoad CDS

It is a grow bag unit started with 9 members, now there are 11 from 2 NHGs combined together and actively working in 15th ward of Marutharoad CDS. They are bought Grow bags, micro nutrients, fertilizers, vegetable plants and all other things from outside and make it as a complete grow bag package and distribute to beneficiaries of the Panjayath. This unit is run in joining with Krishibhavan and didn't get any assistance from Kudumbashree. The unit provide 25 vegetable plants to a beneficiary and the beneficiary will give RS 500 and Krishibhavan will contribute RS 1500. In total the unit will get 2000 RS and the original cost of production is RS 1600. it is considered as a good unit and now they are dealing with a project of RS 6 Lakh put forwarded by krishibhavan.

Challenges

1. The main challenge they are facing is lack of continues order.
2. Main expenditure of this unit is transportation charges. They spend a huge money for rent a vehicle
3. Rate of soil is another big issue they are facing. They need to hire a JCB for in the initial stage
4. There is a wastage and depreciation due to lack of storage space

Opportunities

1. Kudumbashree can provide facilities for start a plant nursery to them. that will help as a job as well as they can reduce cost also. currently they bought vegetable plants from VFPCCK
2. it will be more beneficial if they can buy a vehicle for their

own.

3. Kudumbashree can assist them like our grow bag JLG groups
can buy grow bags from them
