1. **SHG** - On 5/8/2017 I visited a SHG which is situated at karunagapally pulliman of division 9 named Nanma. The Nanma SHG started since 2013. The Group has 15 members. They have taken an amount of Rupees One lac and fifty thousand only as Loan. The repayment Module is correct. The Loan has already closed. The SHG has no other earnings or units. They were no problems.
2. **CDS** –Under Karunagapally there were 35 CDS for each division. There is also a subcommittee which has five members. They held monthly meeting it is regular. There was a meeting with Standing committee Chairman for welfare and Counselors on 4/8/2017. In the meeting they said about the non co- operation of CDS members. Most of the CDS not enter into the field for collecting data . They do not do anything according to the counselors opinion. Political interference is here in between CDS. There is an opinion in the meeting that the lack of doing work by CDS is due to their low income comparing to asha workers. The working load is heavy in CDs than Asha workers. The suggestion I given is that CDS work for their community on that basis income is not a problem we work for our societies development, Here the Jagrathasamithi is there. But work is not going properly. Also there is a waste management system. It is going on a 90% properly
