Life Changes

I started my career starting from 2005 and for almost 6 years I worked as chairperson. Before starting my career I could not go anywhere without my husband. Now I used to go alone to Thiruvananthapuram. I could work more courageously. I got an opportunity to work in gender corner as a team member. I struggled when I was excluded from the gender team. Then I said to them I will be there after my CDS chairperson's term.
