Kudumbashree team is taking many efforts to communicate the details of the protocol to be maintained to prevent covid-19 to maximum number of people. As part of this, we have conceptualized and are planning to implement the concept of 'Kunju Pareeksha' (A Small, Simple Exam), to take the awareness lessons to families through children. Finally this will lead to social empowerment.

Balasabha is better known as 'the NHGs of children' and there are 32,267 Balasabha activity groups in Kerala. The members of these Balasabha as well as non members can become part of this online test. It is planned to conduct four online tests. They are model exam, quarterly exam, half yearly exam and annual exam. It is aimed to take the idea of preventing covid-19 to the children through the questions and answers of these exams.

The questions of the exams would include the precautions one should take while sitting inside our houses. Also, questions will be about the precautions to be taken when going out. Also, basic informations that each one should be
between 10.30 AM and 10.30 PM on the same day (10/06/2021). The dates of the remaining three exams would be notified later. Rewards would be given to the best CDSs and Districts, who ensure good participation. Through this we envisage to spread awareness among the children. Hope all children would become part of this exam series.

We are planning to conduct the first online test on 10 June 2021. The state level inauguration of the same would be held on 10 June 2021 at 10 AM. Once it would be over, anyone can log in and write the exam by clicking the link, aware of about covid-19 pandemic will be part of questions. We expect that we would be able to share various information about the prevention of covid-19 to the children through these four exams.
