Best practices from all districts

All the district teams of Kudumbashree did their best effort to plan and develop strategies and to implement practical and needy projects to fight the Covid-19 pandemic. It's more than a month that our district teams are on their toes. All the 24 district Kudumbashree teams were actively working under the guidance of respective district collectors and as per the instructions from the state office. In addition to the activities which are planned and monitored at state level, various activities are framed and implemented to cater the local needs in the district level as well.

For reporting the best activities implemented and executed in the district level, Ashamole N.S., Manjari Asok and Chaithanya. G, Public Relations Team members were entrusted. They documented the best practices of the districts are prepared activity reports. More than 67 reports from all 14 districts together were prepared by them. It’s a published in our website. The reports are available in this link: http://www.kudumbashree.org/pages/832. Appreciations to all district teams who
came forward to frame various activities as per the situation. They made best use of Kudumbashree’s organisational system to lend helping hand to the respective district administrations. They also planned and implemented innovative activities to manage the crisis. Hope everyone would read these reports highlighting the effort and involvement of Kudumbashree’s district teams.
