Star World LED lights Unit from Wayand

Anoop talks about their LED Light Unit.

How did you start such a unit?

Star World LED lights Unit was started in August 2017. We were doubtful whether it would be a success since it was started in a less populated area. We were worried about the raw materials being available from a far distant place. However, the training was of three months duration and we were sent on training from C-DIT in association with Kudumbashree. Thus we got trained from the C-DIT to start with our LED Light Unit.

What about the supply of water and the loan availed for setting up the unit?

We hired a vehicle for supplying the bottles to the needy. We had taken loan and we are repaying an amount of Rs. 50,000 per month. It is our dream to start RO plant in Wayand.

What are your future plans?

We are widely appreciated by the people here very much. So we are planning to buy the next set of LED's. We are planning the same. But the major problem was with the competition with branded companies. But now the market is getting higher.

What do you feel about your work?

We were widely appreciated by the people here very much. Therefore we feel that our work is successful. We are proud that Kudumbashree's interventions into this sector had ensured availability of healthy, safe and pure drinking water to the society. We are proud that Kudumbashree's interventions into this sector had ensured availability of healthy, safe and pure drinking water to the society.

What are the changes you gained through Star World LED lights Unit from Wayand?

Before the unit was started, we used to ask our husbands for paying our thrifts at Kudumbashree. But now the market is getting higher and now we could earn up to Rs 1 lakh. Now the market is getting higher and now we could earn up to Rs 1 lakh.

What made the initiative a grand success?

We were widely appreciated by the people here very much. Therefore we feel that our work is successful. We are proud that Kudumbashree's interventions into this sector had ensured availability of healthy, safe and pure drinking water to the society. We are proud that Kudumbashree's interventions into this sector had ensured availability of healthy, safe and pure drinking water to the society.
