2. Successfully conducted Women self learning process in two stages  
3. Found 23 Snehita calling bell beneficiaries  
4. In 2019, Panchayat president inaugurated Gender Resource Centre, through GRC we are providing various trainings, capacity building programmes, counseling sessions and various mentally supporting activities to target groups.  
5. We are providing various supports including legal supports to those needy people which include women, children and elderly people.  
6. Trainings for vigilant groups, reading day celebrations, equality day celebrations, rural women day celebrations, energy conservation day celebrations, elderly day, family day, farming day celebrations etc conducted in CDS during our tenure.  
7. Digital Literacy programme and establishing a mini library are some of the innovative thoughts came through our CDS committee.  
8. PWD group formation is going on at CDS, due to Covid pandemic some delay happened in its implementation.

**Special Activities:**

**Women Construction Group Formation:**

With the involvement of ADMC, Kudumbashree, Panchayat President and VEO, we formed 15 member women construction group in 25.06.2018. This construction group successfully completed a LIFE house in 45 days time for the beneficiary living in 12th ward. In 2020 January, this group completed their second assignment and through this assignment one Asraya family member fulfilled her dream of her own home.
Best Practice of CDS:

Flood in 2018:

By considering the impact made in other CDSs, Uzhavoor was in safe zone. But we strongly made interventions in supporting other CDSs, by forming volunteer groups for undertaking cleaning and supporting activities. Our 40 member team supported affected people in our possible limit. We supported people in Pathanamthitta Maramon, Vaikom – Udhayanapuram, Kaduthuruthi regions by giving our cleaning and related services with great courage and enthusiasm. Panchayat administration also supported us in handling this situation.

- We donated 45000/-rupees in disaster relief fund
- We contributed our level best in Navakerala Lottery programme in getting maximum support from Kudumbashree network
- 200000 rupees worth clothes, food items, utensils etc donated to victims through our network.

Covid-19

We started community Kitchen for supporting people to get enough food during the pandemic situation. 200 people from 13 wards received its benefits.

Community Kitchen is converted into Janakeeya hotel in 24/05/2020. MLA Mr. Mons Joseph inaugurated our Janakeeya hotel and is now running successfully by providing food for public.
We undertook CFLTC food supply through our Janakeeya Hotel and providing food daily 4 times. For addressing the requirements and needs, we placed 4 hotel management course qualified candidates for bringing quality service through Janakeeya Hotel. Service and operation of Janakeeya Hotel entrepreneurs is outstanding and they are giving prime importance in giving quality food items at right time. After understanding their services, one retired teacher honored these women entrepreneurs by sponsoring Onam dress kit for all of them was an unforgettable feeling for us.

Most Satisfying time period in my life – Ms. Daisy Stephen, CDS chairperson

I am very happy and very much satisfied with the support received from my CDS committee members and from my beloved Kudumbashree members during the most challenging situations made by continuous flood disasters in 2018 & 2019 and Covid-19 in 2020. They gave me more energy and enthusiasm in implementing project schemes through their enormous and continuous support.
I am very glad and feeling proud in the development of women construction team and both the houses constructed through them, I got satisfaction, when I saw the happy faces of people who received free food through our community kitchen during Covid-19 season, currently we are able to manage daily free food for 20 plus needy people from the street. Being a CDS chairperson I am very much honored with all the efforts made by our team in my tenure. In 2019, in collaboration with Kitex Company, we managed to sponsor school bags for 125 students. We are also giving treatment and medical supports to needy people with the continuous involvement of our members. Social empowerment, economic empowerment, capacity building and convergences are made possible in Uzhavoor CDS through the strong interventions of my team for the last three years. I am appreciating my team and also my panchayat administration team who led from the front for me and gave me immense supports during my tenure to become a successful CDS Chairperson.

Thank You!
