Highlights for 'Kudumbashree' in the State Budget

In yesterday's article, we had explained that many announcements had been made for Kudumbashree in the State Budget of Kerala presented yesterday. Kudumbashree is included either as the Implementing Agency or as the Main Partner in many important projects of the Government of Kerala. We consider it as the recognition for the excellence in execution through Kudumbashree and we are proud of it.

In today's article, we have included the posters we have prepared about the key projects/policies that had been announced in the State Budget for Kudumbashree. Through these 20 posters, you all will be able to know about these programmes in brief. Hope all of you will go through these posters and share the same for the information of Kudumbashree members.
